

# Student user agreement: Year 7/8

When we use digital technologies, we need to know how to keep ourselves safe and make good choices. We can all play our part to make our school a safe and positive place for everyone. We call this being a good digital citizen.

**As a digital citizen of the school community, I agree to:**

**Be kind online**

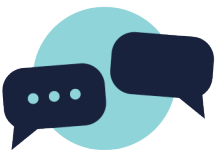

**Only share photographs or videos if I have others' permission**

**Think before I share**

**Only use my school devices for learning or when I have permission**

**Only talk online with people I know in real life**

**Keep my password and login safe**

**Seek help if I need it**

## Mairehau Primary School agrees to:

- Help you know how to stay safe online
- Oversee students' use of technology
- Have learning times about positive online behaviours and ways to stay safe
- Help you deal with online problems, even if they happen outside school hours
- Using filtering software to protect school devices

## Student statement

I know about the ways I should use digital devices and online spaces at school for learning.

I know that if I do not follow this agreement or make a mistake using technology, there may be some actions that my school might have to take.

I know my teachers are available to help if I need it.

## Parent / Whānau / Guardian Declaration

I know that if my child makes choices, mistakes or behaves in ways that don't align with this Student User Agreement, there may be consequences or outcomes that the school will talk about with me.

If you and your whānau are looking for more online safety support, you can also talk to Netsafe. Netsafe helps people to be safe online.

They have free, private helpline for you and your family for any online safety problems, and they are there to help seven days a week.

You can get hold of them on the phone 0586 38 723, or their website at [netsafe.org.nz](https://www.netsafe.org.nz)
